ABOUT ME

Leveraging a dynamic background in product development, design, and project management, I excel in orchestrating seamless transitions from design to production. My expertise encompasses comprehensive testing, prototyping, and a dedicated focus on continuous improvement. Adaptable and motivated, I bring years of experience and a commitment to delivering top-quality work. Now in Finland, I'm ready for the next phase of my career journey, combining my proficiency in product development, design, and project management to drive successful outcomes.
